

SOUTH BALTIC DREAM TOUR DESIGN: WINDSURFING & SPORTS ADVENTURES

THE CONCEPT: THREE SURFINGS AND SPORTS EXPERIENCE IN ONE TRIP

We invite you for wind and kite surfing vacations on the South Baltic Sea – North Surfing Adventereland. You will experience three different surfing experiences, three different countries and their coastal beauties on the most windiest parts of the Baltic Sea. You will start either in Gdansk, Poland or in Malmoe, Sweden (city train to Copenhagen). Your route will lead from NW or from SE depending on your starting point. On the way you will experience of surfing hotspots in Malmoe, Island Rugen and in the Gdansk Bay. Besides, you will see spectacular Mons & Stevns Cliffs in Denmark. You will have fun, emotions, meet friends and will remember those adventurous vacations long.

It may happen that, somewhere on the way, that circumstances change into unpleasant, like bad weather; storm, no wind, heavy rain, chilling air etc. Our plan B, for those circumstances is s even more exciting than only surfing on the waves or being pulled by your kite. Be prepared for the surprises: we involve you to kayaking or canoeing, you will find fun in exercising swimming in one of the most comfortable water sports resorts, you will be leading electric sport cars, and doing much more enjoyable sports activities. We will simply do not allow you to sit alone in the pub, drink your liquid cheers and think about how sad you are. Instead, we will make you acting, tired but finally you will be the winner.

Welcome to the Surfing & Sports Adventureland in the South Baltic Sea. Below you can see fun, adventure and passion of our participants in the testing trip. Of course it can be you.
